### NATIONAL LEADERSHIP DEVELOPMENT DAY VALUES

01

#### Connect

**Leadership begins with human connection.**

In a world moving faster than ever, leaders who slow down to truly connect are the ones who build teams that last.

02

#### Lead

**Leadership is a responsibility, not a title.**

Real leadership is defined by how we show up under pressure, develop others, and build trust to move people forward.

03

#### Elevate

**Raising the standard of how we lead.**

We develop more human, courageous, and accountable leaders who lift teams, organizations, and communities up.
